Dear Sirs,

Motorship "BENMORE"

With reference to your Report No.19077, the Oslo Surveyors have been informed by the Owner that the lubricating oil tanks with cofferdams in the engine room, together with the windlass, were examined on the occasion of the General Examination which was held at your port in August, 1953.

They therefore wish this examination to be credited towards the Special Survey, but before a decision is reached in regard thereto, I shall be glad if you will kindly let me have your comments.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.

The Surveyors,  
AMSTERDAM.
