11/4 NOV 1960

QUESTION

ANSWER

With reference to my letter of the 24th May last and previous correspondence, I shall be glad if you will confirm that this barge is still laid up in Campana.

The Owners should be reminded that the Special Survey will become due at the end of October and that the class is at present continued subject to shell plate 'A' strake (starboard side) in way of No.4 cargo tank being permanently repaired by the Special Survey.

Date:— 8th November, 1960.

Owners inform us as follows quote,

"Referring to your letter of October 18th as regards special survey of the above mentioned vessel - please be advised that as we foresee no further operation of this unit we have no intention of carrying out the special survey which is due"

We confirm barge remains laid up in Campana.
