23rd January 1962.

Classn(R)

Dear Sirs,

S.S. "AMELIA"

With reference to the classification of this ship in the Society's Register Book, I shall be glad to learn what arrangements you propose making for the Special Survey, due at the end of March to be carried out.

I take this opportunity to remind you that the vessels Class is at present subject to the propeller and Screwshaft being renewed by the end of March.

Your intentions regarding the completion of the Main Boiler Survey, by the examination of both Boilers under steam, the adjustment of the safety valves, and the general examination and testing of the Oil Fuel burning system and arrangements, will be appreciated.

I shall be grateful if you will forward a copy of your reply to the Society's local Surveyors.

Yours faithfully,

C. C. Hkg

Clerk to the
Classification Committee.
