# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

FAM Enclosure

17th March, 1925.

Dear Sirs,

S. With reference to the entry in the Society's Register Book of your steamer "KAIRANGA", ex "SAINT ROMINIQUE", I beg to acquaint you that the General Committee of this Society have recently given their consideration to the question of the record of the date of build in the Register Book, and that it has been decided to amend the existing Rule on the subject, as indicated on the enclosed copy of Notice No. 1446, so that in future the deciding factor in arriving at the date of build for record in the Register Book will be the actual date of the completion of the Special Survey of vessels built under the Society's Inspection.

I have the pleasure to add that the case of the steamer "KAIRANGA" has been reviewed with others in connexion with the new Rule, and it has been decided to amend the date of build in this case to June, 1922, the date given on the First Entry report on the vessel as that of the last date of survey of the vessel during construction.

I am, Dear Sirs,

Yours faithfully,

Messrs. The Union S.S.

Co. of New Zealand, Ltd.,  
138, Leadenhall Street,  
E.C. 3.

Secretary.
