LLOYD'S REGISTER OF SHIPPING,

D.O.

WOKINGHAM.

28th July, 1944

Dear Sirs,

I duly received your First Entry Report No.18568, on Richardsons Westgarth & Co's Engines No.2746, but before this case receives attention, I shall be glad if you will state whether the best pressure of 1290 lb per sq. inch on steam pipes refers to the two steam pipes made by Messrs.Aiton & Co. (Nottingham Certificate C.2492 of 1.5.44), or to all the main steam pipes, as this is not in accordance with the pressure required by the Rules, namely, 1440 lb.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,
WEST HARTLEPOOL.

Clerk to the
Classification Committee.
