set's Name:

With reference to your letter of 7th instant, we requested the necessary acknowledgement from the Owners in regard to the "Coastwise" service limits extended to the ☒ steamers "DEBORA" and "ADELINA" and in reply the Owners state that they do not understand the limitations imposed by the word "Coastwise" and add "We shall be very grateful if you will kindly explain fully how we should do if one of these steamers has to perform a voyage from Singapore to Chow".
