To the Surveyors at GENOA.

Vessel's Name,

s.s. "HUMANITAS".

## QUESTION.

With reference to your report N°9724, I shall be glad to learn what further arrangements have been made for the Second Special Survey N°3 to be completed.

It will be observed that this vessel became due for Boiler Survey at the end of last month, and you will be good enough to let me know what steps are proposed to be taken with a view to this inspection being held.

The vessel's screw shaft will also become due for inspection at the end of the present month.

## ANSWER.

Date:— May 3rd 1927

The Owners state that the vessel is expected in Italy in about 20 days time and they will arrange for the survey to be completed on her arrival. They will advise us shortly as to the port at which the survey will be carried out, but in all probability this will be Genoa.
