Dear Sirs,

T.2 Tanker "ESSO BRETAGNE"

I am obliged to you for your letter of the 28th August, in which it is stated you intend to carry out the necessary strengthening before the end of 1953.

On re-reading my letter of the 6th July, you will observe that the Committee desire this work to be effected before the end of October, 1953, and it is not clear as to whether your letter means that you propose complying with this requirement, or are seeking a further extension to December.

Should you be seeking a further postponement, the case must be again submitted to the Committee, but it is thought well to inform you that it is considered there is little likelihood to their agreeing to extend the date of October next.

It will therefore be appreciated if you will kindly furnish me with your comments in the matter.

Yours faithfully,

Assistant Clerk  
to the  
Classification Committee.
