It is submitted the Kobe Sumiyos be referred to Sec's letter 24<sup>th</sup> Apr 1951 & cable of same date regarding Sect. 1 Clause 13 (P403) steel, and they should be informed that it is noted that no reference to this steel appears on the First Inter Rpt. on Yawata No. 466. The particulars of chemical analysis forwarded with their letter of 8<sup>th</sup> May 1952 have been received & these differ substantially from the analyses of steel approved under P403 for the Yawata Kawasaki Works. The Sumiyos comments are requested. Y.B. 20/5
