Postponement of the Special Survey until February 1959 approved 23.9.58 (G.E.Sng.8,58). On 12th December, 1958 it was reported to the Committee that the vessel was at Ceram ports (Indonesia) and that it was impracticable for a superficial examination of the vessel to be made, as previously approved, with a view to the postponement of the Special Survey until April, 1959. In these circumstances the Committee agreed to the Special Survey being postponed until April 1959 (2 months beyond the expiration of the year of grace) without further examination, but decided that if the class is to be maintained the Special Survey must be put in hand by then, and that they would not be prepared to grant any further extension.

The vessel has now been sold to Messrs. Kian Tiong Shipping, Ltd, of Hong Kong. The previous Owners understand that the vessel is at present detained by the Indonesian authorities, that the date of clearance cannot yet be ascertained, but that the new Owners will eventually comply with the Society's requirements.

Refer London letter 15.12.58.

If new Owner requests permission to proceed on voyage to another port for S.S., an Interim Certificate might be issued as an unclassified ship if found satisfactory by G.E.
