

COPY OF AIR LETTER

LLOYD'S REGISTER OF SHIPPING

71, Fenchurch Street, London, E.C.3

7th April, 1959.

Dear Sirs,

M.S. "FLORETA"

With reference to your letter of the 3rd and my reply of the 15th December last, I shall be obliged if you will confirm, for the information of the Committee, that definite arrangements are now in hand for the Special Survey to be carried out at the end of the present month as required for maintenance of class.

In November, 1957 the Society's Surveyors at Fremantle recommended that the main engine air compressor LP cylinder jacket, HP and IP cooler jackets should be specially examined and dealt with as necessary by the end of February, 1959. This matter also requires attention.

The Lead Line Certificate expired on the 28th February last.

It will be appreciated if you will forward a copy of your reply to the Society's local Surveyors.

Yours faithfully,

Clerk to the  
Classification Committee.
