Machinery limit by 2-59 - see endorsement 26-6-58

Postponement of Special Survey until 2-59 approved by a General Examination held at Singapore in May and August 1958. A further request for postponement of the Special Survey until 14-4-59 approved 6-6-58 subject to a superficial examination being made of the vessel in the last quarter of 1958. The Singapore Surveyors were asked to ascertain what arrangements had been made for this examination (see classing letters 23-9-58 and 25-11-58) NO REPLY RECEIVED.

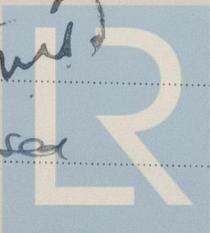

The Owners now request that the Special Survey be postponed until the end of April 1959, after which the ship will sail to Hong Kong for Special Survey. Vessel is employed at present in Ceram ports.

From Reports of G.E. held Sing 8.58 there is no technical reason why Owners request should not be approved in this instance.
