Lloyd's Register of Shipping.

Port DUNDEE

4th January, 1926.

This is to Certify that

J. F. SELLEX,

the undersigned Surveyor to this Society did at the request of Messrs The Coaster Construction Company, Limited, examine at Montrose on the 16th December 1925 a screw shaft $8\frac{3}{4}$ " diameter clear of liner, marked as stated below, and found the same in good condition.

The shaft was made by Messrs The Fife Forge Company, Limited, Kirkaldy, of scrap iron, forged, and was examined by the Society's surveyors on the 30th March 1918, and so far as could be seen was found sound.

Mark on forging:-

LLOYD'S

No 4635

C . M .

Signed J. F. Sellex.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
