Dear Sirs,

Re: N Type Vessels.

On behalf of our principals the Indonesian Insurance Co., we are writing to ask you whether you have received any information from your principle surveyor in Djakarta, Mr. Baart, regarding damages sustained by the propellers of certain vessels belonging to the Pelni Fleet of Indonesia.

We understand that the vessels concerned are those beginning with "N", "NAIKO" "NUKAHA" and "NAIRA", all of which suffered damages to the propellers by breaking off parts of the propeller blades during 1954.

We are now informed by our principals that your surveyor in Indonesia was making an investigation into the cause of these incidents and we have been asked if we would approach you with a view to obtaining any information you may have on the subject, as the result of these investigations may have a bearing on certain claims to be put before the Underwriters.

We shall therefore be obliged for any information that you may be able to supply us with, but meanwhile, we would thank you for your attention to this enquiry.

Yours faithfully,
For: LESLIE & GODWIN LIMITED.
