20th February, 1957.

Dear Sirs,

Motorship "TOTILA"

I acknowledge your cablegram of yesterday's date and have today received an application from the Owners' London Agents for the postponement of the survey of both screwshafts until the vessel next drydocks, and the Committee have agreed to this proposal.

The new plates mentioned in your cablegram will be accepted provided you are satisfied, but with regard to the new generators you will doubtless bear in mind the fact that explosion relief devices and T.V.C. particulars may be required.

The Owners' Agents in London have been informed of the above this afternoon.

Yours faithfully,

Clerk to the
Classification Committee.

's Surveyors,
EMEN.
