Wokingham, Berks.
ember, 1941.

I shall be glad to learn
that arrangements the Owners
propose making for the renewal
of the M.P. slide valve casing,
as recommended in April last by
the Yokohama Surveyors.

You will also be so good
as to let me know the Owners'
intentions in regard to the
carrying out of the 2nd Special
Survey No.3 and Boiler Survey
which become due at the end
of the present month.
