Report No. 22609, on the Steamer "Craighall".

According to the 1st Entry report, this vessel's

According to the Ship's Off. Rep. the tonnage appears to be

into the matter & let me know which figures are correct.

A. Scott Secy

The Builders (who gave the tonnages as stated on the 1st
Entry report) state that the Prof. T. found an error had been
made in the Tonnages and amended the figures to 4401.67
gross and to 2866.62 net just before the vessel sailed.
The Builders also state, however, that they intend to dispute these
figures on the return of the vessel.

This Query is to be answered and returned to the Secretary with the least possible delay.
