The Secretary.

London.

Sir.

I have forwarded to day the first entry report on the new S.S. No' 73, from which you will notice that she requires to be further dealt with at South Shields where the machinery, ~~will~~ will be placed on board.-

With regard to the fees, it is difficult in this case to charge the same, before the vessel is measured, and as the builders should like to pay them as soon as possible, I shall be very glad, if you will be good enough to send us the tonnage particulars, as soon as she shall be measured.-

I am Sir.

Your Obedient Servant.

R. Leeuwenburg.
