The Second Special Survey No.3 became due in September last, and a proposal to postpone the same until the Spring was agreed to in October last.

In reply to enquiry a letter has now been received from the Owners stating they have decided not to continue the vessel's classification owing to the lack of salvage cases on the Roumanian coast where she is permanently stationed.

The Classing Committee had the case before them on Tuesday, 21st instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

23rd June, 1932.
