Dear Sir,

M.v. "Bloemendael",
Amsterdam report 23965.

With reference to your classing letter of the 17th March 1961 concerning the above vessel, I beg to inform you that while the vessel was in drydock in December 1960, the propellers and outside fastenings were found to be in order. The wear down of both sterntubes was 3 mm. each.

We apologize for not mentioning this in our report.

The new Owners are requested to bring the continuous survey, as regards the auxiliary machinery up to date as soon as possible.

Yours faithfully,

The Secretary,
LONDON.
