9th December, 1960.

(S)

Dear Sirs,

Steamer "HABANA"

I acknowledge receipt of your letter of the 30th November, the contents of which have been noted.

The Surveyors at Valencia reported in April last that the peak tanks and all the double bottom tanks had been tested. They also reported that the peak tanks and all double bottom tanks (F.W.) had been examined.

There is some doubt concerning the precise meaning of "all the double bottom tanks (F.W.) examined" as it is not clear whether all double bottom tanks were examined or only the fresh water double bottom tanks. The Surveyors at Valencia are being requested to clarify this point and write to you direct in regard to the matter.

Yours faithfully,

c.c. VALENCIA  
MADRID

Deputy Clerk to the  
Classification Committee.

The Surveyors,  
VIGO.
