

s.s. "HABANA"

With regard to Vigo letter dated 30.11.60  
IT IS SUBMITTED the Surveyors be advised that the Valencia  
Surveyors in April of this year reported the peak tanks and  
all the D.B.tanks tested. They also reported the peak  
tanks and all the D.B.tanks (F.W.) examined. There  
is now a slight point of doubt regarding the precise  
meaning of "all the D.B.tanks (F.W.) examined". ✓ WERE EXAMINED  
Does it mean (a) all the D.B.tanks ~~are F.W.~~, or  
(b) Only the F.W. D.B.tanks. The Valencia Surveyors  
will be requested to clarify matters and write you  
direct.

IT IS FURTHER SUBMITTED the Valencia Surveyors,  
in view of the above, be referred to their Rpt.No.1088  
and be requested to state exactly which D.B.tanks were  
examined, and to send a copy of their letter direct to  
the Vigo Surveyors for their information.
