Dear Sir,

Steamer "HABANA"

With reference to your letter of the 25th February, the report of the survey of this ship which was carried out at Cartagena in March/April has now been received.

It is stated in the report that no opportunity was afforded to complete the main boiler survey but that the Owners' representative stated that arrangements would be made to rectify this in the near future. The Boiler Survey became due so long ago as October, 1959, and I shall be glad if you will take the matter up with the Owners and let me know what definite and early arrangements they propose to make to complete the survey.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.

The Principal Surveyor,  
MADRID.
