S  
Dear Sir,

With reference to Glasgow Report No.68648 on British Auxiliaries Engine No.469/70 and Glasgow Report No.68124 on reduction gearing made by Barclay Curle & Co., I have to inform you that this machinery has been satisfactorily fitted at Leith in the salvage tug "MEDIATOR" which has now been classed #100A1 "For towing and salvage services" with notations of Lloyd's A & C.P. and #LMC 11,44. subject to the gearing being examined under working conditions before the end of May next, and being opened out and examined before the end of November next.

I am, Dear Sir,  
Yours faithfully,

Clerk to the  
Classification Committee

The Secretary,  
GLASGOW
