Port Ipswich

11th December, 1943

This is to Certify that

F.E. Turpie

the undersigned Surveyor to this Society did at the request of

Messrs. Reavell & Company Limited, Ipswich, attend at their Works on the 18th September, 1943 and subsequent dates for the purpose of examining and testing one, vertical, two-stage, single-acting, water cooled C.S.A.6 Compressor, made to the order of Messrs. Henry Robb Limited.

Compressor No. 81270. Job No. 34309.

The following hydraulic tests have been carried out with satisfactory results:-

1st Stage.....	150 lb. per square inch.
2nd Stage.....	900 lb. per square inch.
Water Jackets.....	50 lb. per square inch.

The materials and workmanship, so far as could be seen, were sound and of good description.

The Compressor, driven direct by Motor No. 88357, made by Messrs. Laurence, Scott & Electromotors Ltd., has been tested under full load conditions for a period of four hours and found satisfactory.

*F.E. Turpie*

**Fee £1-1-0.** Surveyors to Lloyd's Register of Shipping. This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

“While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society.”
