Dear Sir,

" CITTA' DI SALERNO "

Enclosed herewith is a copy of a letter received from Dr. Salvatore D'Amico with reference to his decision to withdraw the "CITTA' DI SALERNO" from class (Please see Genoa letter dated 12th October 59 and yours dated 20th October 1959).

Dr. D'Amico states that it was with great reluctance that he took this decision and that it was forced upon his Company entirely by economic considerations; the persistently low charter rates have compelled them to reduce the running cost of their fleet to the minimum and therefore they must withdraw some of their older vessels from class.

Dr. D'Amico goes on to say that he hopes the reasons for this decision are understood and requests me to convey his regrets to the Committee.

Yours faithfully,

Y. M. S. L. A.

Enclosure.
