Lloyd's Register of Shipping, 59 0900

united with THE BRITISH CORPORATION REGISTER.

ALLOES TO
ROTTERDAM REPORT No.

47352

Port of Rotterdam

2nd March 1959.

This is to Certify that

L.O. Jonker,

the undersigned Surveyor to this Society did at the request of Messrs. N.V. Dok- & Werf Mij. Wilton-Fijenoord of Schiedam attend at their Works in order to examine the making of a double plan electrically welded streamline rudder (Makers' order No. V 42460) built to a solid S.M. steel rudder stock, which rudder is specially suitable for Liberty ships, and made for stock.

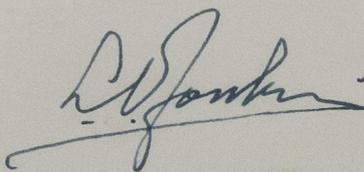

The rudder has been made in accordance with the approved plan (Rotterdam 23-3-53) and of materials which were found to Rule requirements.

The rudder was examined during the making, workmanship was found good and in completion pressure tested as required by the Rules and found tight.

The rudder has been marked for identification as follows:-

Lloyd's No. 416 Rot.

17-2-'59 L.J.

SURVEYOR TO LLOYD'S REGISTER

Certificate is issued upon the terms, of the Rules and Regulations of the Society, which provide that:-

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it shall be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, Surveyors, or other Officers or Agents of the Society."
