Dear Sirs,

m.s. "ALBACARA"

In reply to your memorandum of the 28th January, I have to say that the Committee are agreeable to a General Examination of the hull and machinery being held in accordance with Circular 1959 shortly, with a view to the postponement of the Special Survey. The Continuous Survey of the machinery should be advanced at the same time as the General Examination and include the inspection of one main air receiver. The question of drydocking at the General Examination is left to your discretion.

Yours faithfully,

Deputy Clerk to the
Classification Committee

The Surveyors,
BUENOS AIRES
