

25th October, 1948.

Dear Sirs,

S.

With reference to your Report No. 14623 on the M.T. "JALTA", I have to request that you will state the last date of undocking, and point out that this information should be furnished in all future similar cases. I shall also be glad to learn the process of manufacture of the steel used in the construction, also which pump is used as standby for salt water cooling purposes. It will be appreciated if this information also could be furnished in future cases.

I shall be glad to receive your reply as soon as possible, in order that the case may receive the consideration of the Committee on Friday next.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
BELFAST.
