Dear Sir,

Steam Tanker "APURE"

I am obliged to you for your letter of the 1st instant and have today informed the Committee of the information received by you.

The case has received very careful consideration at their Meeting here today but, bearing in mind the position as set forth in my letter of the 19th April, they are not prepared to maintain the vessel's class any longer without the vessel being completely opened up for Special Survey forthwith. This means that the survey must at least be started this month and completed before the vessel again enters commission, otherwise the Committee will have no alternative but to expunge her class. This decision has been cabled to you today, as per copy herewith.

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,
NEW YORK.
