# LLOYD'S REGISTER OF SHIPPING

71, Fenchurch Street, London, E.C.3

3rd November, 1959.

Dear Sirs,

S.S. "APURE"

3164 tons - Date of Build 5-1928

With reference to the classification in the Society's Register Book of this ship, which is understood to be now your property, the Annual Main Boiler Survey is considerably overdue. It became due so long ago as March last. She also became due for a four yearly Periodical Special Survey at the end of August.

It will be appreciated if you will let me know, by return airmail, for the information of the Committee, what definite arrangements are proposed to be made for the above surveys to be carried out with a view to the maintenance of class.

The ship's class is subject to 30 fathoms of chain cable (port side) being renewed at the earliest opportunity.

Yours faithfully,

c.c. CAS. YK.

Clerk to the  
Classification Committee.

Messrs. Edward Bent S.A.,  
Apartado 392,  
Maracaibo,  
Venezuela.
