13th February, 1947.

Dear Sir,

"C" Type Coasters
M.C. "OTTAWA MAYFRINO"

I am in receipt of your letter of the 13th ultimo and note your remarks.

With regard thereto I have to say that the cases of all these "C" type Coasters cannot be submitted to the Committee for assignment of class until the results of the torsionograph records have been received. It is therefore considered arrangements should be made for records to be taken from one vessel of this class at the earliest opportunity, and I have to request that you will see that this matter receives the necessary attention.

A copy of this communication is being forward to Mr. Robson at Montreal.

Yours faithfully,
