General Observations, Opinion as to Class, Recommendation, &c. :  
 State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon survey, thus, for example :- "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."  
 This ship so far as now surveyed is eligible in my opinion to remain as now classed without record of survey, subject to any condition which may be at present attached to the ship's class being dealt with as previously recommended.
