The Secretary,
LONDON.

Dear Sir,

The Royal Swedish Board of Trade have asked to be furnished with the Society's requirements in respect of the anchor and cable equipment for the steamer "VENERN", No. 35447 in the Register Book. As the equipment letter for this vessel is not noted I shall be glad if the desired particulars could be forwarded to me for further transmission to the Swedish Authorities.

I am, Dear Sir,

Yours faithfully,

S. G. G. G. G.
