Re: Classn C Ans'd

Dear Sir,

Further to our letter of 13 June, it would be most helpful if you would provide us with copies of the last special survey carried out on the ZEITOUN in 1957. We request copies of both the hull and machinery surveys.

We would also like to know if you required a magnetic particle test to be carried out on the main turbine of the MODALlex ZEITOUN at any time. If a test has been made we would appreciate your forwarding the results and particulars to us.

not required
