Survey Due 2nd Special Survey No. 2 due 8,39.
Boiler Survey due 6,40.

In January last the Committee agreed to a proposal to carry out the Special Survey in May.

At the beginning of February the Kobe Surveyors wrote that they had been informed by the Owners that it would not be possible to make arrangements for the Special Survey to be held until October. In reply, it was pointed out to the Surveyors, that a postponement until October would exceed the Year of Grace by two months, and they were asked for further information in regard to the postponement. The Kobe Surveyors now write that the Owners' request to postpone the Special Survey until October, was made on account of difficulties in obtaining suitable dockyard facilities.
