

7th February, 1958.

PALERMO.

9 - As recommended.

6553 - As recommended.

6550 "MOBIL ASTRAL" - As recommended, except that the notation of SS Pal. 12,57 has been withheld pending completion of the machinery Special Survey. In view of the fact that the Special Survey of this ship is not due until November, 1958, it would appear that it has been held now to suit the Owners, but your confirmation on this point is desired.

6527 and 6548 "NELLY" - As recommended, except that a record of DS 10,57 has been assigned. It is concluded the auxiliary diesel generator engine and its air receiver have been examined, but I shall be glad to receive your confirmation on this point.
