

SAIBURI

Ref. Bqk ltr (undated)
but received 5/9/63

For re-instatement of class, complete
machinery and screwshaft surveys to
be held. Main engine to be fitted with
crankcase explosion relief devices of
approved design. Spare gear to be in
accordance with present Rules.

2

6/9/63.

The acting surveyor - Mr
O'Connor - is a Nav. Architect.
We should suggest what
arrangements he can make
for machinery surveys by
a competent engineer.
