Dear Sirs,

Steamer "MARISA"

I am much obliged to you for your letter of the 31st May and have today informed the Committee of the position in regard to this vessel.

The Committee do not consider that class should be further maintained without some form of inspection being held, and I shall, therefore, be glad if you will inform the Owners that if a General Examination, in accordance with Circular No. 1959, is not held, with satisfactory results, by the end of July the Committee will then have no alternative but to deal with the class.

The overdue Boiler Survey should be completed and the Steam Pipes Survey held on the occasion of the General Examination.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
RIO DE JANEIRO.
