Dear Sirs,

CLASSING LETTER

"FOCA". I acknowledge the receipt of your letter dated 11th instant, returning the Registro Italiano Report, together with a translation, the contents of which have been noted, and have to inform you that the examination of the screwshaft has been accepted and a notation of TS 11.63 has been assigned.

I would add that all the machinery items mentioned in your letter have also been accepted, except Nos.30 and 31.

I enclose herewith a list of machinery items which are very much overdue for survey, and I shall be glad to learn what arrangements the Owners propose to make for these items to be examined.

Reverting to your letter of the 8th ultimo, I shall be glad to learn whether you are yet in a position to state the arrangements proposed to be made to carry out the Auxiliary Boiler Survey.

Yours faithfully,

? DS held on
