Dear Sir,

M.s. " F O C A "

We refer to your memoranda dated 26th February and 8th April, 1964, and our reply of the 10th April in connection with the Screwshaft and Auxiliary Boiler Surveys which are now overdue.

The Owners have now sent to us a photocopy of the Registro Italiano Surveyors' Report No. 622 from which it will be observed that the Screwshaft was seen by the Registro Italiano in November last.

The Owners ask that the Screwshaft Survey held by the Registro Italiano Surveyor be accepted by you.

We would be pleased to be guided by your instructions.

Regarding the Auxiliary Boiler Survey, due 2/64, the Owners have not mentioned this in their letter and we are writing to them again to learn what arrangements they propose for this inspection to be held.

We will write to you again as soon as we have any positive information.

Yours faithfully,

DL

Enclosure.

The Secretary,
LONDON
