ANSD.....

Dear Sirs,

m/t " T. L. ":

This small tanker is built to the Rules of The British Corporation Register in the year of 1944. In 1947 we had some damage repairs done and we also to a great extent rebuilt the vessel both as regards accommodation, double bottom tanks, windlass machinery & so on. On account hereof we also had the Surveyor to survey the vessel and machinery. We refer to a letter we wrote to the British Corp. Reg. in March 1949, *Copy enclosed.*

Now one year, which is a long time, has elapsed. The vessel has been laid up also during this winter but is ~~not~~ going to start her ~~tra~~ffic again. As our authorities require the class classification papers in order to give the vessel its sailing papers and as we so far not yet have received any whatsoever classification papers we are at a loss ^{how} to deal in the matter. We would anyhow propose that the vessel should be shifted to British Lloyds Class and would therefore ask you what ^{you} would ~~be~~ require to get this transfer carried out.

Awaiting your soonest reply we remain,

Yours faithfully,
for FINSKA FARTYGS AKTIEBOLAGETS
