And ~~.....~~

Dear Sir,

No. 297 ("De Schelde") -  
Rotterdam Report No. 49417.

With reference to your classing letter of the 24th ultimo I beg to confirm that the length of the forecastle is:- what?

the overall length 516'-9" and the extreme breadth 65'-10".

I beg to apologize for the omission on the report.

The returned plans 010<sup>8</sup> and 010<sup>12</sup>A showing the plate numbers of the P 403 material are the correct plans of the ship "297". The ship "297" has been made under the administrative number 298, and all orders, plans etc. of the ship "297" are showing the figure 298. Unfortunately this figure 298 gave you the impression of the yardnumber 298, this has now been altered on the plans which are returned herewith.

Yours faithfully,

Encls.

The Secretary,  
LONDON.
