16th December, 1929.

Dear Sirs,

I have to inform you that the steamer "ANGLO AFRICAN",  
Messrs. Short Bros' Yard No.239, has proceeded to your port with  
a view to the installation of the machinery.

To complete the survey on the hull the following  
remains to be done :- The fidley and engine casing top etc.  
to be riveted and caulked. Cement over deck under donkey boiler,  
tunnel to test in after hold. Steering gear and windlass to be  
tried under working conditions.

I shall therefore be glad if you will give the case the  
necessary attention, and, on completion of the work, to forward  
a report on form No.8 with a view to the classification of the  
vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE ON TYNE.
