Vessel's Name: "NAUTILUS"

I am in receipt of your memorandum dated 30th ult. regarding the above ship. I have to state that it is probable that shell plates 8 & 9 2nd below sheer starboard side, will require renewal on next Special Survey.

This vessel, along with the "CHRIST MAHLMAN" and "EDOUARD ANSEELE" are still stationed in Bremerhaven, and are up for sale. A Polish Agency are interested, and they have asked the Norddeutsche Lloyd to tender for Special Survey to be carried out in this port.

I have no confirmation that the sale has gone through.
