Enclosure

27th April, 1948.

Dear Sirs,

S.S. "SHEAF MEAD"

I have to point out that the period of validity of the "Examined" notation assigned in association with the temporary class of this vessel expires at the end of June next, when the Load Line Certificate will also expire.

You will note from the enclosed deferred reports that part of the Special Survey for Classification has been held on the hull of the vessel and the Special Survey of the machinery has been held in its entirety. I shall be glad if you will get into touch with the Owners and advise me what arrangements they have in mind with a view to the remaining requirements of Special Survey being dealt with.

You will note that a further Survey of the water tube Boilers will become due at the end of June next.

Yours faithfully,

Clerk to the  
Classifications Committee.

The Surveyors,  
NEWCASTLE.
