ANSD.....

LARRUCEA  
Engineer Surveyor

Dear Sir,

s.s. "RICARDO R" & "RAMON ALONSO R"

In reply to your letters of the 28th November 1949 and 21st instant, I beg to inform you that Yesterday I visited the Owners of the above vessels who informed me as follows:-

"RAMON ALONSO R".- The Owners have interest in continue the Class of this vessel and he told me that at the end of March next the ship will arrive to Barcelona and will be placed in dry dock for completion of the outstanding surveys.

"RICARDO R".- When treating of the outstanding surveys on this vessel Owners told me that this vessel due to age or others is some deficient and need strong repairs to maintain the Class and having into account the trading in which she is engaged (Spanish Coasts) and the expenses they would have to make in a moment in which the maritime business is not very good, they prefer to make small repairs and not maintain the Classification of the ship.

I explained to them my point of view and advised them than in any moment, due to change of circumstances, they wish to reinstate the Classification of the vessel, our Society will be pleased to attend them.

Yours faithfully

THE SECRETARY  
LONDON
