Dear Mr. Warlow,

I am much obliged for your letter of yesterday relative to the certificate for the machinery for Messrs. Ross & Duncan's Engines 1006, as a matter of fact the certificate was despatched to Bilbao without the point being considered whether Ross & Duncan might object, and, in the circumstances, I thought it best to wire you so that if necessary we could, on receiving your reply, cable to Bilbao to return the certificate.

I am glad to hear, however, that the matter is in order.

With kind regards,

Yours faithfully,

P.L. Warlow, Esq.,

GLASGOW.
