Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

15th August, 1935.

Dear Sir,

E.

With reference to your report No.13282 on the electric fittings of the oil tank barge "SEVERN TRAVELLER", I shall be glad if you will forward to this Office certificates from the Makers of the dynamos showing them to be of an approved flame-proof pattern suitable for operation in dangerous atmospheres.

I have to request you to state whether the sea suction is provided with an efficient strainer which can be cleared within the vessel, also, whether the flash point of the fuel oil is above 150°F.

I am, Dear Sir,

Yours faithfully,

Secretary.

Mr. J.W. Gwynne,
BRISTOL.
