LLOYDS REGISTER OF SHIPPING,

LENINGRAD

10th December, 1928.

The Secretary,

London.

Dear Sir,

s.s. "BABOTCHIN"
"ISKRA "
"PRAVDA".
"KRESTYANIN"

} 2nd Series Timber vessels.

In looking over the 1st entry machinery reports of the above mentioned vessels I find that the cylinder dimensions of the independent bilge and ballast pumps have been entered incorrectly. The correct dimensions are now stated to be 9" x 7" x 5" stroke so perhaps this small alteration can now be made in the above machinery reports.

I am, Dear Sir,

Yours faithfully,

(s).H.M.McCririck.
